Bureau Conversion

Design Restructure Convert

Systemik is a one-stop shop to populate your Intranet with well-structured and highly effective content. We provide a complete range of content conversion and publishing services from ad hoc bureau conversion tasks to full web site migration.

Bureau HTML/XML Conversion

We provide a rapid conversion service to convert content from **any** format to HTML/XML. Organisations are able to forward existing content in a wide range of formats (PDF, Word, Excel etc...) and we convert it to client-specified standards and templates. Systemik services provide:

- Rapid turnaround
- High-quality output
- Client-specific standards
- Fixed per page cost
- Capability to allocate costs to individual budgets.

Systemik provides a fixed price per 100 pages; volume discounts

Site Content Migration

Systemik acts as content migration partner for a range of major organizations in the implementation of new content management systems. Once the CMS and site architecture are in place the missing piece remains the migration of existing content to the new site. We assist by:

- Mapping existing content to a new Information Architecture
- Converting content to CMS templates
- Publishing and staging

In most cases the key business drivers in content migration are exacting standards and a tight time frame

- ☐ Tools and methods for rapid conversion
- ☐ Design and project management expertise
- ☐ Experienced, meticulous and dedicated conversion staff

Design

Design Information Architecture, migration map and conversion standards and protocols.

Restructure

Restructure existing content to best online standards for usability and accessibility.

Convert

Convert existing content in **any** format to HTML/XML structured to clients specific templates and standards.

- **Design** information architecture and migration map
- **Restructure** existing content to best online standards.
- **Convert** existing content to specified HTML/XML templates
